

6516207367.txt

I am a professional truck driver, and I use my XM radio extensively both for entertainment and information while I am away from home. It is an indispensable tool to plan your trips safely and timely. I beleive it helps trafific and law enforcement by giving big rigs a chance to avoid traffic troublespots. I beleive it would be a mistake to eliminate the ability for our industry to have easy access to these resources.
